to Records"*

84-2824

6 August 1984

STAT MEMORANDUM FOR: [REDACTED]  
STAT RMD/OIS/DDA  
STAT [REDACTED]  
L&LD/OGC  
STAT FROM: [REDACTED] Deputy Chief  
Legislation Division  
Office of Legislative Liaison  
SUBJECT: House Passage of National Archives Legislation

1. Attached for your information is the Congressional Record Daily Digest summary of the House passage of the National Archives legislation on 2 August and the proceedings and statements made on the floor. I have underlined all portions relating to our amendment.

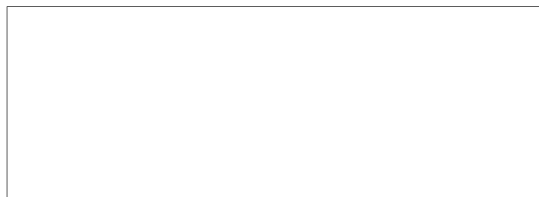

2. As the Record indicates, the Committee of the Whole of the House first considered H.R. 3987 as amended by the House Government Operations Committee (see page H8326). The bill being considered under an open rule, which allows amendments from the floor, Chairman Brooks offered a bloc of technical amendments which included our amendment (see page H8330). The only statement made concerning this amendment is at the bottom of page H8330 to the top of H8331. These amendments were agreed to (see page H8331). After consideration of other amendments, one of which retains the Information and Security Oversight Office (ISOO) within GSA (see page H8331), the Committee of the Whole agreed to H.R. 3987 as amended. The House then passed H.R. 3987 as so amended (see page H8339).

3. The final procedural motion, made by Chairman Brooks, was to consider S. 905, the Senate version of the bill, and to substitute the House language in H.R. 3987 as just passed (see page H8339). This motion was adopted (see page H8344) and the language of S. 905, as passed by the House, is set forth on pages H8339 - H8344. Our amendment is on the last page.

4. Mr. John Parisi, Minority Counsel to the Government Operations Subcommittee on Government Information, Justice, and Agriculture, informed me last week that House staff concerned with this legislation will be meeting with their Senate counterparts this week to see whether a conference on the bill

can be avoided. Staff of the SSCI are being notified of this and of the amendment made on our behalf. I also informed NSA and DIA last week of the House passage with our amendment. They had concurred in the amendment as sufficient to also meet their concerns.
